

S/N 09/766,723

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant:	Hoke et al.	Examiner:	Krisanne M. Jastrzab
Serial No.:	09/766,723	Group Art Unit:	1744
Filed:	January 22, 2001	Docket No.:	3912E DIV
Title:	Method and Apparatus for Treating the Atmosphere		

SUPPLEMENTAL RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Further to the Amendment submitted on June 16, 2006, Applicants submit the following remarks.

REMARKS

The Amendment submitted on June 16, 2006 stated that the amendment was in response to the Office Action mailed on August 4, 2005. This is incorrect. The amendment was in response to the Office Action mailed on March 16, 2006. In addition, reference was made to a two-month extension of time. Since the Office Action was mailed on March 16, 2006 and the amendment was submitted on June 16, 2006, an extension petition was not required, nor submitted.

The undersigned regrets these errors.

The undersigned was authorized by Richard A. Negin, Reg. No. 28,649, an attorney of record in the subject application, to prepare and file this Response on behalf of the Assignee. Correspondence should continue to be directed to Chief Patent Counsel, Engelhard Corporation, 101 Wood Avenue, P.O. Box 770, Iselin, NJ, 08830-0770.

Respectfully submitted,

Dated: June 20, 2006
